auction to-day by Sheritf Fant. A. Baumbach was the purchaser at \$525, which is considered a fair price, as all furniture and fixtures had been removed. The building sixtures had been removed. The building will have to be removed within thirty days. The county commissioners met to-day, when the petition of T. L. Wren, of Austin, was presented and read without action being taken. Last week they opened bids for the new court-house, and the lowest bidder was that of T. L. Wren, for \$84,600, which was awarded him and he was telegraped to come to Houston and make his bid good next day, Wren not being present the commissioners awarded the contract to Britton & Long for \$98,000, the next lowest bid. The contractors were to be paid in bonds drawing 6 per cent. Interest and to run fifteen years. Wren came to Houston and in a petition to-day presented showed his willingness and ability to make good his bid, which was \$13,600 less than Britton & Long's. He also showed that the commissioners didn't give him the even twenty-four hours to make good his bid, and that he had come to Houston as fast as transportation available would bring him. The commissioners said he was too late and would not receive his bid. Then Britton & Long petitioned the commissioners to raise the interest on the bonds to 8 per cent., which they did, making a difference of \$28,800 in the fifteen years they have to run. Thus the county loses through Wren's bid not being accepted \$42,400. County Judge Hamblen presented a written protest, which was filed. will have to be removed within thirty days.

At the end of the first inning, Mr. L. J. Elser, an old timer, was then selected as umpire by mutual agreement. A driziling rain interfered with the game, and before the fourth inning could be played out, the Dallas boys declined to constnus the game, leaving two of the Ecilpse men on bases and only one man out.
